# Apollo
IP68 channel letter module

Apollo LED lighting system uses one of the most energy efficient LEDs on the market today. It offers industry leading brightness while requiring 50% less power and comes in an attractive soft white color. Apollo features a robust module design (Ingress Protection 68 – IP68), making it the perfect solution for face-lit channel letters and sign cabinets installed in normal and/or harsh weather environments.

- Soft white color
- Completely sealed module (IP68)
- Constant Current Technology (CCT)
